

## My Lawnmower

I thought, 'I'd like a lawnmower  
So I can cut my grass,'  
To help me get a workout  
And help the time to pass.

REFRAIN

I've lost my dog in the grass  
Cos it's grown  
It's three feet tall  
And not been mown.

I went along to Argos  
And bought a fine-looking thing  
I chose the home delivery  
So had to wait for my doorbell to ring

REFRAIN

It was delivered the very next day  
And I was full of delight  
I thought, 'I'll cut my grass down now  
I really will, I might.'

REFRAIN

It came in a lovely box  
I stood it in the hall  
And it's been there for six weeks now  
It hasn't moved at all.

REFRAIN

I will open the box I'm sure  
I know that I am able  
But right now in the hall it makes  
A really good coffee table.

REFRAIN

Eventually I opened the box  
And put my lawnmower together  
I thought 'I'll cut my lawn down now'  
But I can't because of bad weather

REFRAIN

And so it's sitting in my living room  
A splendid decoration  
And now of course I've lost my dog  
And this is my lamentation.
